Subject: Acharya Sabha

I hope you will all seriously consider meeting with me here in New Jersey or perhaps Soquel or other suitable location as soon as practical to fulfill our responsibility for the formation of the Acharya Sabha as directed in Srila Gurudeva's will, "**to give guidance to all Trust Boards**".

"An Acharya Board (Acharya Sabha) shall be formed, composed of initiating acharyas, to consult with one another regarding all spiritual matters and to give guidance to all Trust Boards."

I recognize and appreciate how time consuming and demanding it has been for those of you dealing with the problems in India.

Nevertheless, in my humble opinion, the Acharya Sabha should have received the first attention since it is to give guidance to "all Trust Boards" which are now operating without any guidance from the Acharya Sabha.

We should have done this when all of us except Sripada Trivikrama Maharaja met in India in April, providing he would also attend or agree to our meeting.
